Zoom Meetings

How to Guide:

Android Devices

1

To use Zoom on your Android Device you will need to download the App from the Google Play Store. You will need to type 'Zoom' into the search box once you have opened the Google Play Store.
Select the Zoom App which will be at the top of the search results. Once you have done this, you will need to click install.

2

Once the app has downloaded it will then give you the option to open the app on your device.

3

You will only need to download the Zoom app once. You will not need to download it for any future meetings you might want to join. The app will save on the home screen or main menu of your device.
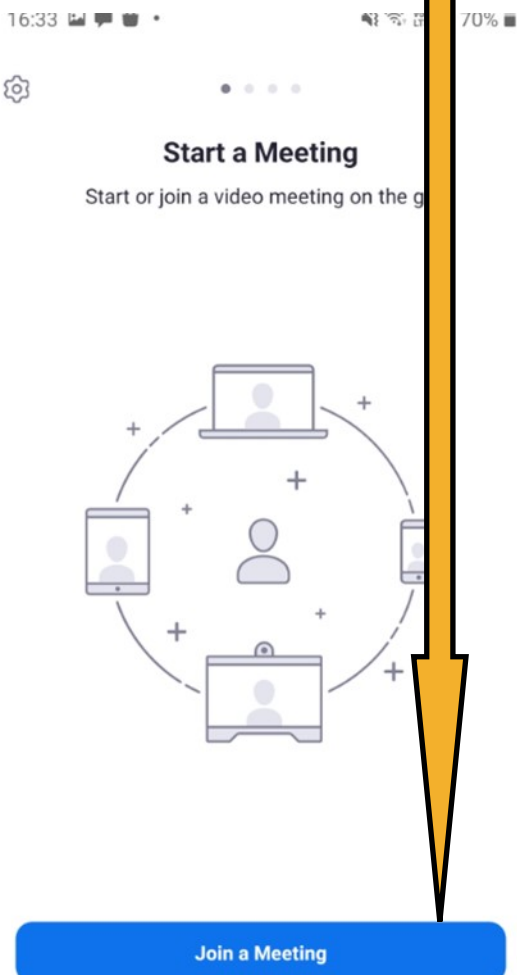

**4** Tap the icon on your screen to open zoom.

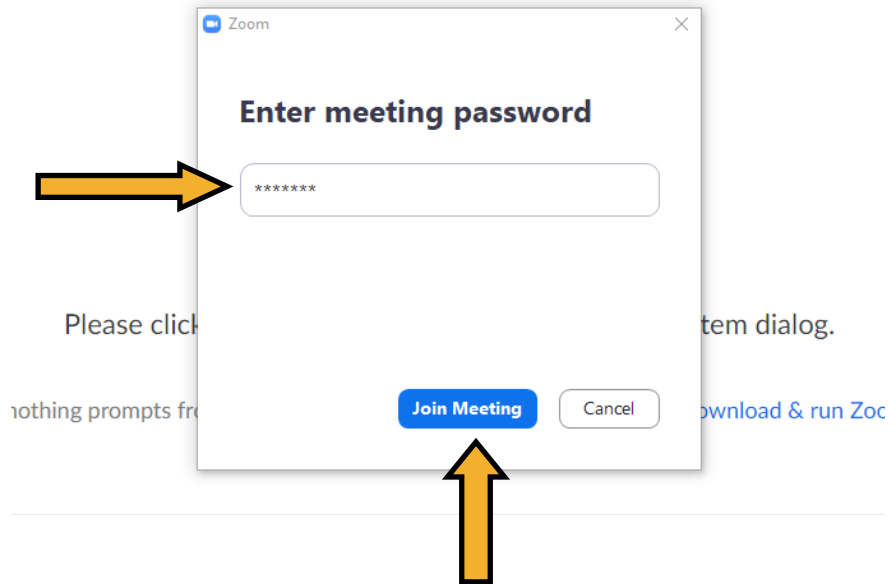

5 Press 'Join a Meeting'.

6 You will then be prompted to enter the meeting ID which is the number we sent you when you told us you would like to participate in the Zoom meeting. You can then enter your name in the box below and click 'Join Meeting'.
